Key Features

- * Hi-Tensile Steel offers Excellent Strength, Long Life and Hail Impact Resistance. Enjoy Peace of Mind during Storms with a Roof Engineered to Stand the Test of Time.
- * Unique Sheet Design allows Longer Spans with fewer beams providing a Cleaner, Clutter Free, Great Looking Roof.
- * 500mm Coverage means Fewer Joins and Less Potential Areas for Unwanted Water Entry.
- * Satin Finish Paint on Sheet Topside ensures maximum heat reflection from the top surface and Hi Gloss Undersides provide maximum light retention underneath, keeping your awning cooler and brighter all year round.
- * 250mm Wide Domed Polycarbonate Light Panels provide Maximum Strength, Maximum Light and Minimum Maintenance due to the Self Cleaning Domed Top Surface.
- * Flat Profile Underside makes Cleaning Simple and helps to Keep Your New Roof Looking Great.
- * Australian Made Steel for Long Life and Assured Quality.
- * 15 Year Structural Guarantee provides Long Term Peace of Mind backed by a Long Term Industry Leader.
